## FAB Community Newsletter Volume 15

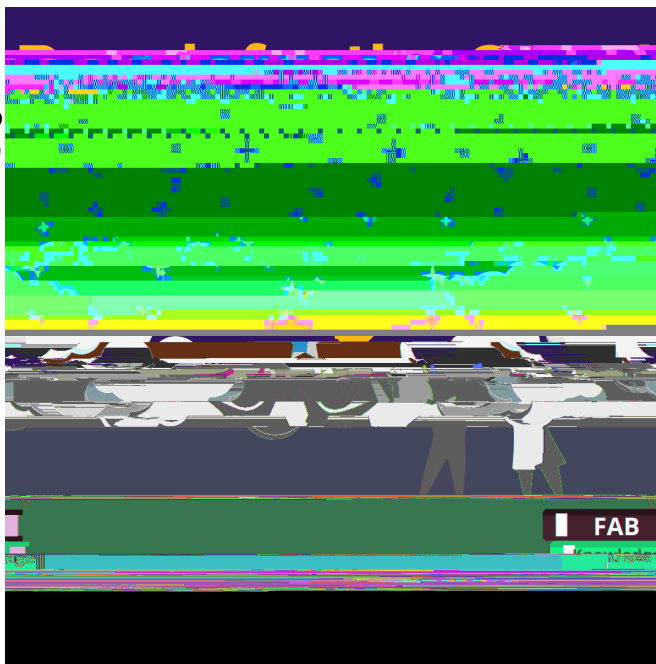

Dear FAB Community,

March is Women's History Month. To celebrate, the "Her Side of the Story" lecture will illuminate the experience of women during the early years of California statehood. FAB will continue to look at the talents of women in the month of April when we delve into the three-dimensional art of women sculptors.

In addition to celebrating women's accomplishments, the month of March holds a special place in my heart. Two years ago, we launched

FAB and began enrolling students in our very first courses. However, when we had to isolate, a storm rolled in, blocking our view of the universe. Quickly we made some adjustments, forcing our way through the clouds. We began reaching for the stars! These days FAB is shining brightly thanks to you – our students – and to the effortless way Christina Tierney guides our journey.

As we continue this journey, we invite you to join us for a special lecture on the crisis in Ukraine, the FABulous March Lecture Series, and our Spring Session. Speaking of the spring, we heard you loud and clear in the attendance preference survey – keep the virtual courses coming – and we will! For the 46% of local students who want in-person classes – two Spring Session courses will be taught in the HyFlex mode (attend in-person or virtually simultaneously). The best of both worlds!

Lisa Buono, Ed.D.  
Dean, School for Professional and Continuing Studies
